

Adding the Pelican Web App to a Cell Phone

Technically, the Pelican Web App is not in the Google Play Store or the App Store. Instead, the Pelican Web App is for managing your thermostats loads automatically by accessing your site using the browser on your cell phone.

1. Open the web browser on your cell phone.
2. Enter your site URL name (e.g., example.officeclimatecontrol.net).
3. You will now see the your site login screen. Enter your email address and password. Click **LOGIN**.
4. Depending on your device, follow the appropriate instructions.
 - a. On an Android device, click the three dots in the top-right corner of the browser. You should see a drop-down menu. Select **Add to home screen**.
 - b. On an iPhone, scroll to and select the box with an arrow icon. Select **Add to Home Screen**.
5. You should receive a prompt that you are about to create a Pelican shortcut. Click **OK**.

Now you're done and you will see the Pelican Web App  on your home screen of your cell phone.
